FEEL THE SPIRIT OF BARBADOS

Barbados is home to some of the most exclusive hotels in the Caribbean, from the six-star stylings of Sandy Lane to the whispered luxury of Coral Reef Club, so it's a natural choice for anyone looking to celebrate in style. The island's impressive roster of fine dining establishments is reason alone to spend a special birthday or anniversary here; our favourites include The Cliff, Daphne's and The Lone Star. Or, if unearthing undiscovered local gems is more your bag, why not take a foodie tour of the island and tuck into authentic Bajan favourites like cou cou and flying fish.

The nightlife in Barbados is another big draw, from the famous St Lawrence Gap to more recent additions like the Vujaday festival, which attracts the biggest names in house and techno to the island. For a more sedate celebration, why not charter your own yacht and check out some of the less well-known beaches and snorkelling spots while being waited on hand and foot. The platinum sands of the west coast are the reason most people come to Barbados, but a trip around the island lets you explore the dramatic scenery of the wilder Atlantic shore.

RELAX & RESTART

*Holidays are a time to truly relax, refuel and restart before returning to reality.
Here are our top picks for a restorative experience.*

TI-KAYE SAINT LUCIA

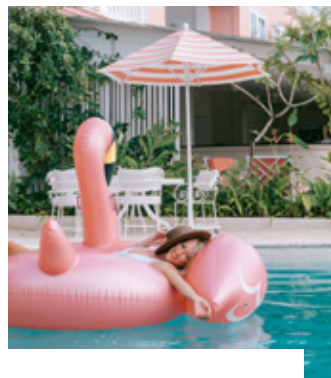

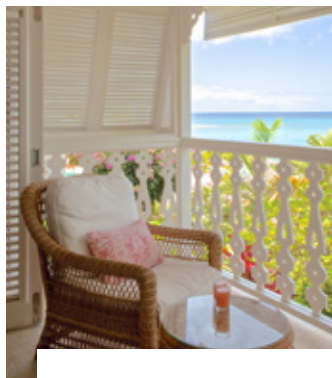

Ti Kaye means 'little house' in Creole, and you'll soon feel at home once you're settled in on your private verandah, swinging in a hammock and gazing out to sea as hummingbirds flit amongst the tropical flowers. The hotel is very much a boutique proposition, strictly for adults and comprised of just 33 rooms that have been positioned to ensure spectacular sunset views. This is the perfect place to recharge and feel at one with nature, and you may well see little reason to leave the hotel during your stay.

On the clifftop you'll find a small swimming pool, the Kai Koko Spa and the main Kai Manje restaurant. Head down to the beach during the day and relax in a cabana, enjoy a casual lunch at the Ti Manje restaurant and experience some of the most incredible snorkelling that Saint Lucia has to offer. There is also a PADI dive centre on site, an over-water yoga deck and a well-stocked wine cellar where you can arrange a romantic private dinner à deux. Each of the cute gingerbread-style cottages has a four-poster bed and open-air shower, and the Ocean View Cottages have their own plunge pool, making them especially popular with repeat guests.

7 nights from €2,839 per person sharing an Ocean View Room on Soft All-Inclusive.

OFFER: Save up to 15%. STAY: 01 May - 30 Nov 2023.

This boutique favourite offers its guests romance and tranquillity on the calm waters of the west coast. Cobblers Cove is the perfect spot to relax, restore and enjoy the beauty of the island. Some of our recommendations include taking a delicious picnic on a deserted beach, snorkelling along the reef, or simply while away the days in a secluded spot on a sun lounger.

GRENADA

Grenada is famously known as the 'Spice Isle', though this wasn't always the case. Nutmeg, cloves and cinnamon were only introduced to the island during the British colonial period in the 18th and 19th century, but the excellent growing conditions and relative proximity to Europe meant that Grenada quickly became one of the world's most important producers of nutmeg.

This fragrant legacy lives on in the markets of the island's capital, St George's, and spices infuse everything from the fiery rum punch to the cuisine at the many world class restaurants. Our favourite places to dine in Grenada include the open-air Oliver's Restaurant at Spice Island Beach Resort and celebrity chef Gary Rhodes's eponymous restaurant at Calabash. For a unique experience, Armadillo is a small guesthouse set in the lush north of the island and offers a fine dining experience. You should also make sure you visit some of the more rustic local eateries, where you can try Grenadian staples such as oil down, a comforting one-pot stew, and the deceptively named lambie souse, which is a seafood dish centred on slow-cooked conch. Cocoa is another important crop for the local economy - don't leave without trying Belmont Estate's award-winning organic dark chocolate!

FEEL THE LOVE OF ARUBA

The Dutch Caribbean island of Aruba lies 15 miles north of the South American coastline, benefiting from year-round sunshine, an average temperature of 32 degrees and a cooling breeze. Located on the edge of the hurricane belt, with a nine mile stretch of award-winning pristine beach, turquoise seas, colonial Dutch architecture and a Latin vibe; Aruba is a delightful alternative Caribbean experience.

An adventure in Aruba is most often found in discovery of the unexpected. Visitors to the island delight in the amenities of world class hotels, stunning beaches, constant sunshine and dramatic scenery.

One of the islands greatest assets is its people, whose warm, welcoming smiles greet visitors at every turn. Arubans gladly share their island and its unique culture, which is well displayed in folkloric festivals, art exhibitions and during a very joyous carnival season.

A NEW CHAPTER

Taking 11-and-a-half hours, including a short stop in Antigua, and becoming the first-ever direct scheduled year-round flight from the UK, it removes the need to connect via Amsterdam and makes this unique part of the Caribbean more accessible than ever.
